

All Students,

To better serve our students each semester, Trinity College gives each student \$25 worth of printing credit (250 pages) on any of the campus print stations on.

To use these funds, all you need is your student number.

When printing from a campus computer, select the TrinityCollegeFindMeQueue printer and click print. This will send your document to the print server, and you can then go to any of the 3 Print Stations.

At the Print Station, enter your student number (or security code you have chosen) and press enter. Follow the on screen instructions and your documents will print immediately.

We hope that this service, along with many others, will make your time at Trinity College productive and enjoyable.

Blessings,

IT Team
