

# *Removing* the Barriers

HAVE A GREATER GOSPEL INFLUENCE

TRINITY  

---

QUEST

## *Have a Greater Gospel Influence.*

Today's culture can be challenging. As you develop a clearer biblical worldview, you see the world through the lens of God's word. The Trinity Quest degree completion program puts the gospel at the center of your education.

You are ready to be equipped with a robust, theological understanding of God's word and receive real-world preparation to have a greater gospel influence in the world.

### **But you see barriers in your way.**

Time, money, age, fear, self-doubt—these all become obstacles to finishing your degree and having greater gospel influence. Those barriers may feel like impenetrable brick walls that stand between you fulfilling your God-given purpose. But what if they are as thin as paper and you can remove them?

*Advance*  
The Gospel  
*Wherever*  
You Go

# Time for *Flexibility*

Your life feels full of big responsibilities—work, ministry, children, aging parents, grandchildren. Having flexibility is essential. We understand it's a balancing act. Trinity Quest classes start every 5 weeks and **you can take classes online from home or evening courses** at our Trinity, FL, campus. Finish at a pace that works for you.

# Finding the *Funds*

You may be under the assumption that you can't afford to go back to college. Did you know that a large percentage of degree-seeking students receive financial aid? There are savings that come from completing your degree online, like: No commute. No parking permits. No room and board fees. We also offer scholarships specifically for Trinity Quest students.

**A financial aid consultation is free.**

# The *Advantage* of Age

If you're worried about being older than your classmates, you can take a deep breath.

**Everyone in Trinity Quest is in a similar season of life.** Though an age span may still exist, this program was designed for working professionals, ministry leaders, busy parents, and retired adults. Plus, there are other advantages to being older, including greater motivation to be serious about your courses.

# Turn *Fear* into *Faith*

Fear is an emotion that gets in the way and makes you lose clarity about your potential. Completing your degree is a big move, and you may experience fear because you can't anticipate the outcome. However, when fear keeps you from taking the next step, you risk the opportunity to grow and fulfill your greatest purpose. **Fix your eyes on Jesus, who replaces fear with FAITH.**

# *Silence* the Doubts

You may doubt your intelligence or your ability to keep up with college-level courses. Maybe you doubt your resolve to finish what you start or to try again and fail. Whatever your doubts, they will weaken your resolve. Doubt is the same as unbelief. Take time to lay your thoughts before the Lord and **ask him to help you set your mind on Truth.**

# TRINITY COLLEGE OF FLORIDA

If you have other barriers that are keeping you from taking your next step, please reach out directly to John Zuch, Associate Dean of Adult Education, so he can help you on your journey.
