

# Bachelor of Science

## Business Organizational Leadership Major

### Church Management Administration Concentration

The successful completion of the Church Management Administration Concentration will provide the student with:

1. A solid foundation in the skills and knowledge required to perform as an effective leader within the context of management administration for ministry, church, or non-profit organizations in roles, such as Executive Pastor, Business Manager and Human Resource Manager.
2. A well-articulated Christian world view of life and ministry founded upon biblical principles and characteristics of Jesus Christ.
3. An application of ministry ready professional skills sought after by churches and ministries, such as strategic human resources, conflict management and negotiation, complex problem solving, team work, sound financial judgement and budgeting, marketing, communication, and ethical decision making.
