RE: Update

Trinity College of Florida has been closely following the CDC and health department guidelines for the safety of our students, staff and faculty. As you are well aware, vigilance is required from all parties. We thank you for your understanding, and most of all, your compliance to the guidelines and instructions. We have continued to adjust and navigate in the COVID-19 world.

Due to a short list of people who have tested positive last week, out of an abundance of caution we quarantined several staff and faculty to be tested. The required amount of time has passed for them to safely return. We are happy to report most of the quarantined staff, faculty and students have been cleared by the Health Department to return to campus by the week's end!

Thank you for your continued prayers, vigilance, and dedication to becoming equipped for where God has called you. We are going to finish this semester safe and strong.

Sincerely,

A handwritten signature in blue ink that reads "Mark T. O'Farrell".

Dr. Mark T. O'Farrell
President
