In Christ Alone

"In Christ alone my hope is found; He is my light, my strength, my song;
This cornerstone, this solid ground, Firm through the fiercest drought and storm.
What heights of love, what depths of peace, When fears are stilled, when
strivings cease!

My comforter, my all in all, Here in the love of Christ I stand.

In Christ alone, Who took on flesh, Fullness of God in helpless babe!
This gift of love and righteousness, Scorned by the ones He came to save.
Till on that cross as Jesus died, The wrath of God was satisfied;
For ev'ry sin on Him was laid, Here in the death of Christ I live.

There in the ground His body lay, Light of the world by darkness slain;
Then bursting forth in glorious day, Up from the grave He rose again!
And as He stands in victory, Sin's curse has lost its grip on me;
For I am His and He is mine, Bought with the precious blood of Christ.

No guilt in life, no fear in death, This is the pow'r of Christ in me;
From life's first cry to final breath, Jesus commands my destiny.
No pow'r of hell, no scheme of man, Can ever pluck me from His hand;
Till He returns or calls me home, Here in the pow'r of Christ I'll stand."

ACADEMIC REGALIA

Much interest is always occasioned by an academic procession because of the colorful dress worn during the ceremonies by the faculty and other participants. The colorful academic regalia dates from the Middle Ages when European universities took form. Academic attire has been in use in the United States since colonial times and is traditionally used for graduation convocations.

An intercollegiate commission was formed which established the following standard of uniformity for caps, gowns, and hoods. The standard cap is the mortarboard.

The gown's traditional color is black. In general, the gown indicates the level of the highest degree held. For the associates and bachelors, the black gown has full, flowing sleeves. The distinguishing feature of the master's gown is the tippet sleeve. The doctor's gown has two distinguishing features: it is cut much fuller and has velvet panels on the sleeves, around the neck, and down the front. These panels may be black or the color that symbolizes the subject field in which the degree was earned.

Most identification is contained in the hoods. The length of the hood and the width of the velvet indicate the level of the degree. The doctor's hood is four feet in length, has two tails, and has a five-inch wide velvet edging. The master's hood is three and one-half feet in length and has a three-inch wide velvet edging. The bachelor's hood is three feet in length and has a two-inch velvet edging. The velvet edging of the hood indicates the subject matter in which the wearer's degree was earned. The colors in the lining of the hood identify the institution from which the degree was earned.
