Foreward

This year truly has been a wonderful year at Trinity, and it is our desire that through the pages of this book we may acknowledge in a small way the blessings which have been ours. Since Trinity means so much to us, we pray that it may find a place in your hearts as you read through this annual.

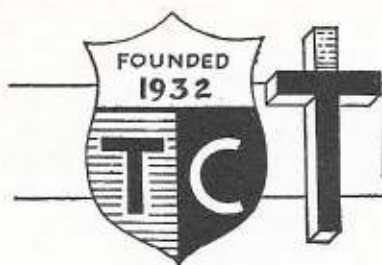

We present to you the 1961 Beacon, with the challenge to work while it is yet day
"for night cometh when no man can work"

"Training for Christian Service"

TRINITY COLLEGE

W. T. WATSON, D.D., PRESIDENT, CLEARWATER, FLA.

AN OPEN LETTER

TO OUR --

GRADUATING CLASS - In days to come you will look back with pleasure on the days and years spent in your alma mater. The lessons you have learned at Trinity--spiritual and mental--will greatly assist you in becoming a "faithful and useful Christian servant." Life is also a school--continue to "study the Word" and practice it in daily living. With this, be sure to combine a life of prayer for a fruitful life.

STUDENTS - We are glad you are here. Many of you will be returning. Lessons are yet to be learned at Trinity. The officials and faculty of the school have you at heart. To assist you in your preparation for service for your Lord is our desire. As you return, come praying that each succeeding year will be even better than the preceding one. May you have a fruitful summer as you serve our Lord.

ALUMNI - Wherever you are, at home and abroad, there is Trinity. Trinity is not confined to the beautiful campus on Clearwater Bay. As I look at a world map and see the countries on many continents where you are, I breathe a prayer for you. You, in your faithful service for Christ, are also making known to the world the type of training Trinity offers. God bless each of you.

FRIENDS - Yes, you too are an important part of Trinity life. Without your prayers, your gifts, and your encouragement, this great ministry of training youth would be impossible. Keep us on your prayer list. In the "Day of Rewards" you will share with the faculty as having had an important part in making this work possible. The Lord bless each of you.

Yours for Youth,

W. T. Watson
President

DEDICATION

For years Mrs. Edith Myers has had a deep interest in Trinity College and its important work. She became acquainted with Dr. Watson back in 1934 when he was holding meetings in Old Orchard Beach, Maine. She graciously opened her home to students who were there to attend the meetings and thus became more and more interested in Trinity. From then on the school held a special place in her heart, and it was nine years ago when she came down to Clearwater and became a part of the regular staff.

Mrs. Myers is one of the "right-hand members" of the staff, for she has charge of the book-keeping department and handles all the funds of the school. She also takes care of all the class notes and sees that students are supplied with materials for various subjects. Students do not have to wait long to meet her because her office is the next place they go after registering in the main building the very first day of school. She is the first one to record their names as she receives payment for the month's tuition, room and board and writes the names on the ledger pages.

Mrs. Myers has become an established link in the chain of Trinity workers and truly has given her all in service through these years. To her we dedicate this Trinity College Beacon of 1961.

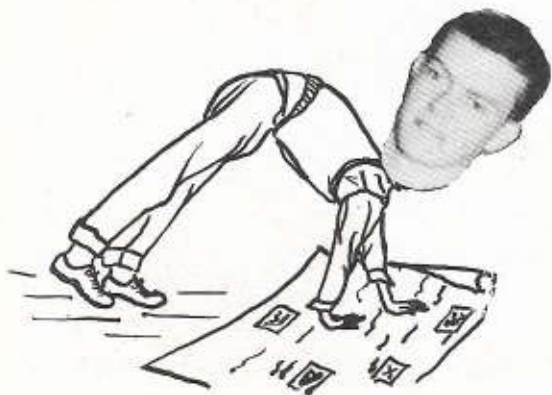

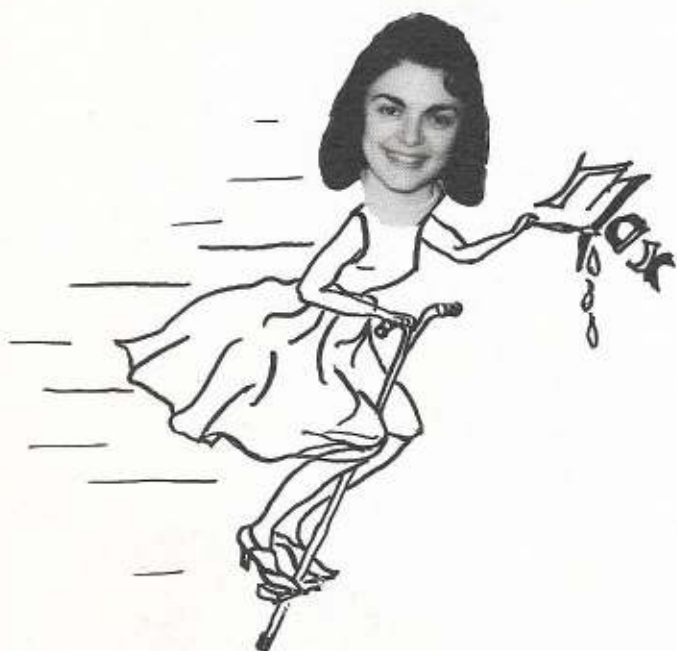

"A FAITHFUL AND DILIGENT STEWARD."

STATEMENT OF FAITH

1. We believe the Scriptures of the Old and New Testament as verbally inspired by God, and inerrant in the original writings, and that they are the supreme and final authority in faith and life.
2. We believe in one God, eternally existing in three persons, Father, Son and Holy Spirit.
3. We believe that Jesus Christ was begotten of the Holy Spirit and born of the Virgin Mary and is true God and True man.
4. We believe that man was created in the image of God, that he sinned and thereby incurred not only physical death but also that spiritual death which is separation from God.
5. We believe that the Lord Jesus Christ died for our sins according to the Scriptures as a representative and substitutionary sacrifice; and that all that believe in Him are justified on the ground of His shed blood.
6. We believe in the resurrection of the crucified body of our Lord, in His ascension into Heaven, and His present life there for us, as High Priest and Advocate.
7. We believe in "that blessed hope," the personal, premillennial and imminent return of our Lord and Saviour Jesus Christ.
8. We believe in the bodily resurrection of the just and the unjust, the everlasting felicity of the saved and the everlasting conscious suffering of the lost.

Class Will

- I, Bill Abernathy, will my pleasing personality to anyone in need of one.
- I, Sue Bauer, will my ability to fall, unhurt, out of closets to Florine Jackson.
- I, John Damon, will my jail cell to anyone who can do the job as good as I.
- I, Connie Davidson, will a happy married life to Amy Shank.

CLASS PROPHECY

The year 1981 is here with all of its space inventions and jet rockets. As we look back it doesn't seem possible that twenty years have elapsed since we were at Trinity College preparing ourselves for the Lord's work.

Since this is the era of rocket travel it takes only a few minutes to go from one place to another, so fasten your seat belts and let's take off.

Our first stop is at Crater City, Mars. Here in this modern city of hustle and bustle we find Rev. Bill Abernathy as pastor of Hope Church. He is the only one from our class that made it to another planet, and he is doing a fine job.

Getting back into our rocket we head for the Orient, and way back in the mountains of China we find a little woman doing a tremendous job for her Master. God bless you, Esther Lukehart.

The next place of visitation is the islands in the Caribbean where we find Keith Lamb has a busy schedule flying his jet rocket from island to island taking in supplies for the missionaries. Going on over to Cuba we find James Fenton singing to Castro's men while John Salter does personal work among those who gather in the market place.

Next we wing our way up to the cold, dark regions of Alaska, going to the Aleutian Chain where we find Bill Teeple and his wife Nancy. They have been braving the cold and wind for fifteen years, and Bill says he enjoys the igloo.

We sure have a busy schedule as we take off again this time going to Happy-T-Ranch and there we find Norma Gowell counseling with a group of girls. Across the lake we see Rich Johnson and Yvonne Rhodes trying to teach some of the teenagers the art of building a runabout.

Back south we fly, this time to Tarpon Springs, where we find Peter Picos making a laborious effort among the pelicans. Tommy Walden is finding good success among the Mexicans in southern Texas.

Taking a look at the "defenders of the faith" we find Rudy Ward up in Washington, D.C., keeping the House of Un-American Activities Committee in line.

We stop off at Nashville, Tennessee for the famous all-night sing, and we hear "The Southern Aires," featuring Jerry Turner as the lead, and Ron Metzger, as the baritone.

Home missions is just as important as foreign, and in West Virginia Charlie Linville is doing a wonderful job in his tract ministry. Up in Michigan Betty Means works very faithfully among children in one of the orphanages.

Rocketing over to New York City we see a big sign that reads: The Evangel Train Line." Preston Schoentube is the chief director and engineer and Colman Smith is his assistant.

Winging our way over to the Mid-Western states we find Jerry Tallent and Ken Zesinger in the trailer park ministry. In the southern states we find Connie and Lee Davidson setting up Bible Clubs, working under Child Evangelism.

Going up to the Great Lakes area we see Don Ralston and John Damon doing a terrific job as they preach at the ship docks.

Now we head back to our Alma Mater where among the professors we find Rev. Ned Durrance teaching Homiletics; Rev. Bob Harvey teaching World History; Rev. Bruce Taylor as teacher of Personal Evangelism, and Dr. James Maxwell as teacher of Bible Doctrine. Going into the Music Department we find Harvey Edwards teaching a class in Music Notation while Joseph Mitchell is doing a wonderful job as director of The Trinity Chorale.

In the St. Petersburg area we find Rev. Robert Sullivan is pastor of one of the biggest churches, and John Tuvell has a tremendous opportunity in reaching the migrant workers that come here.

Once again we're on the go, only this time it is in a car, and we head for Winona Lake, Indiana, to the Bible Conference, where "The Melody-Makers" featuring our own Joyce Fillmore and Karen Leistner are to be. On the way up we see signs along the road bearing a witness for the Lord. Art Yates and Jack Dundas are in this business.

For our last visit we rocket our way down to Ecuador, South America, where we find Sue Bauer working among the Auca Indians.

This trip has been a real challenge and blessing, and as we head back home we praise God for those classmates who are serving the Lord and have given their all to Him. We are positive that when it's time for them to go Home these dedicated servants can say, "I have fought a good fight, I have finished my course, I have kept the faith."

Secretarial Course

Not only does Trinity train students for missionaries and pastors, but it offers a Secretarial Course to any who may wish to work as a secretary in a church or on the mission field, where they are needed as much as anywhere else.

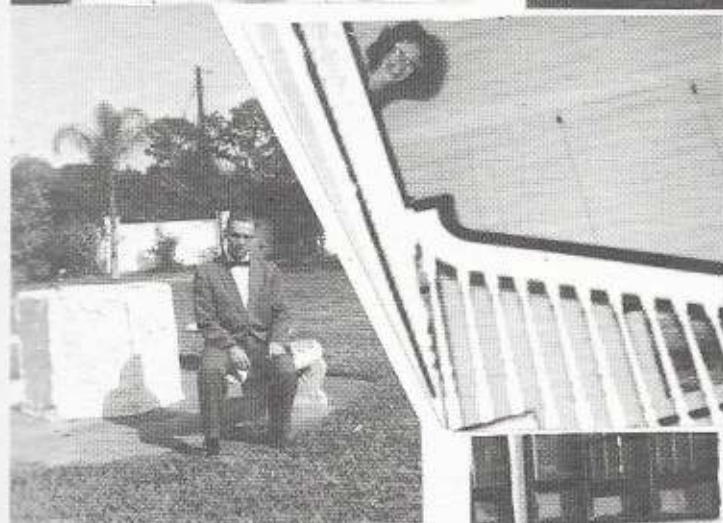

This Course includes typing, shorthand, filing and general office practice, which includes mimeographing, typing stencils, etc. It is not essential that one have any previous training in these subjects because many are beginners and are taught the basic fundamentals. Typing I and Shorthand I are offered just as given in high schools for those just starting out. The aim is for speed and accuracy which, slowly but surely, is attained with diligent practice and hard work.

The Office Practice class is to give a working knowledge of the various business machines and other equipment used in offices today. Filing, too, is important and is a great help regardless of what type of work one may enter.

Bookkeeping is also offered to those in the Secretarial Course. It is in this class that the students learn the proper procedures in keeping the records, dealing particularly with those that are needed in church offices and other fields of Christian service.

The Church Secretarial Course is only a two-year course, but if the student applies himself and earnestly desires to serve the Lord through this medium, at the end of two years he will be fully prepared and ready to step out into a full-time job.

Our Campus

Rarely do you find a college with a campus to equal the one we have here at Trinity, but perhaps we take it entirely too much for granted and don't realize how beautiful it really is. Visitors constantly remark about it, for truly it is a very attractive and pleasant setting for our wonderful school.

Few colleges have such an abundance of scenery, not to mention having the Gulf of Mexico at our front door, where almost any evening you can see a great masterpiece of God as He paints the Western Sky with all sorts of glorious pastel colors. The palm trees gently nod their approval, and the native birds warble their melodious appreciation for their comfortable habitat. Scattered in just the right places around the buildings are various types of plants and bushes, many of them bursting with colorful flowers to add a year-around touch of spring to the atmosphere.

At times one would think we were actually in the midst of a tropical paradise, as all is peaceful and quiet with the exception of the chorus of birds and occasionally a choir of voices from the "alligator pool" across the street. Here we are away from the noise and hubbub of the city and are conveniently located in a beautiful residential section of Belleair. Our buildings are Typically "Floridian" in structure with a touch of Spanish design, giving the effect of a comfortable Southern resort rather than a busy beehive of college activity.

We are thankful for such a campus where we can walk and talk with the Lord and are glad for the privilege of daily being surrounded with such a testimony of God's great handiwork.

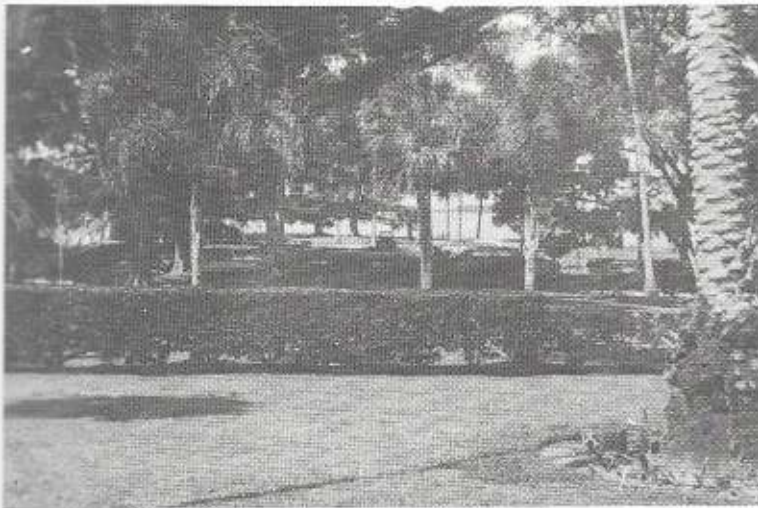

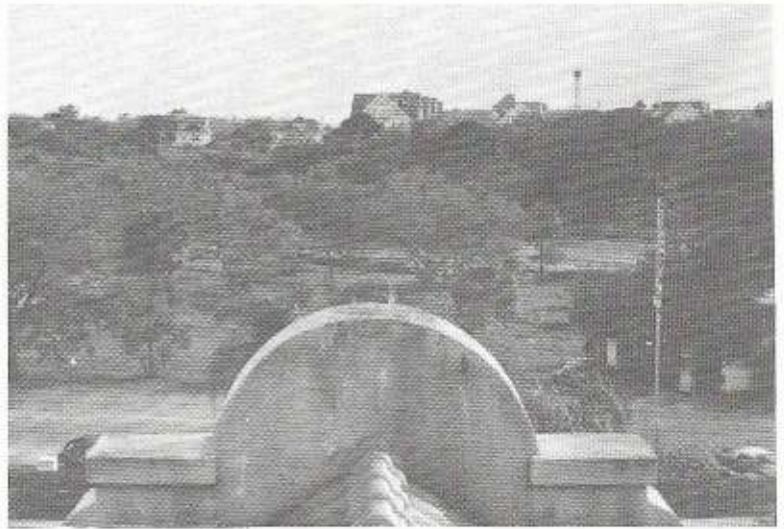

Welcome to Trinity College. The gate is always open. Our entrance is adorned with beautiful trees and bushes.

This is a section of the girls' dorm which overlooks a very attractive part of the campus.

This building includes one of the boys' dorms upstairs and classrooms, bookkeeping office, and apartments for staff members downstairs.

Our campus is located across from the world's largest wooden structure, the Belleview Biltmore Hotel.

The college parking lot and campus extends to the edge of the Gulf of Mexico, making an unusually beautiful setting.

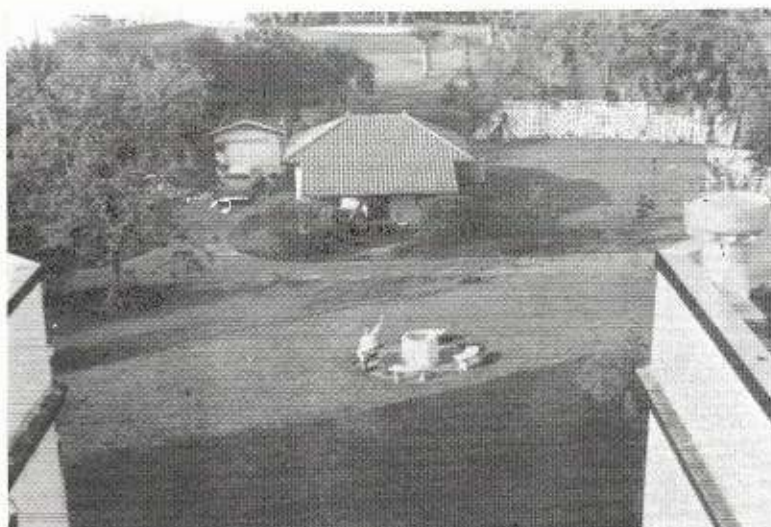

This is the back steps to the kitchen and to the left is the back entrance to the school.

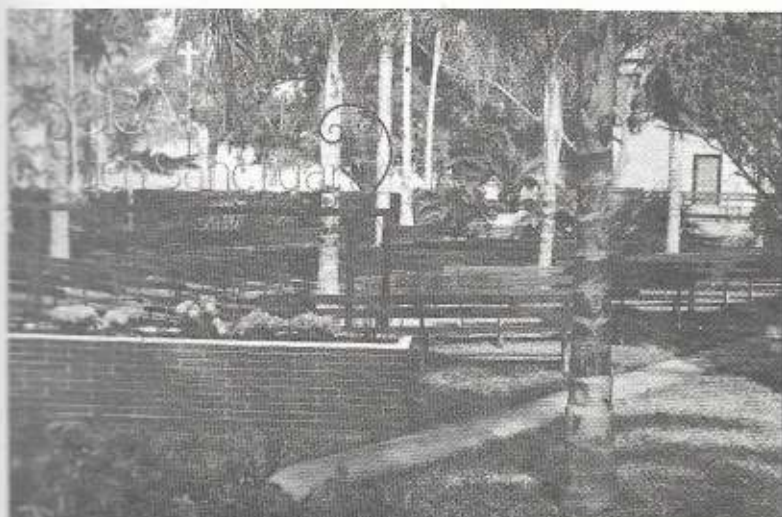

This is Coe House which accommodates some of the girl students as well as guests of Trinity who often spend a few days visiting the college.

Looking down on the backyard and on one of the three music rooms where piano and voice students practice.

Connected to the side of our campus is the large golf course which belongs to the Bellevue Biltmore Hotel.

Many of the students go out every Sunday as teachers in the various churches of the area. It is the aim of these teachers to plant the Truth in the hearts of their students so that when they are older they will be established in the Word of God. The time is short; the need is desperate and who knows what the future holds for us?

Gra-y Clubs

God has performed a great work in the GRA-Y Clubs already this year. Young boys have been brought into the atmosphere of Christian sportsmanship and fellowship. These boys come face to face with Jesus and are presented with the simple plan of Salvation. Over one hundred boys have found Christ as Saviour during this year. Praise God that the young people are being reached for Christ so that their lives may be used for His service.

Following a meeting, D. L. Moody once said, "We have two and one-half decisions for Christ." When asked what he meant, he said, "There were two children and one adult. The children gave their hearts to Christ and also a life to serve Him. The adult could only give his heart to Christ, as his life had already been spent." Pray, therefore, that many more of these boys may be reached for Christ before the night draweth nigh and it is too late.

Convalescent

Home

The convalescent home is not only a ministry of the saving Gospel but also of the comfort of Christ. One of the prime duties of the church is to visit the widows in their affliction. Many of these visited are children of God who are thrilled with a visit from a young person. A time of singing is followed by a message from the Word of God.

It has been said that probably more men have been saved in the jails in this area in a year's time than in all the churches over the same period. The men and women from Trinity are permitted to go into the cell blocks to speak with the inmates there. After a half hour of singing, the Word of God is presented. Many lives have been changed because of the preaching of the Gospel. We are glad for the born-again Chaplain who is in charge of the work there at the jail.

Child Evangelism classes send groups twice a week to the classrooms of the colored grade schools in the local area with the message of Life depicted on the flannelgraph board. Choruses are sung using the actions, and then the Gospel is given in story form. A half hour's time is allotted during each visit.

The children are always so willing to help.

Prayer Bands

"Where there is no vision, the people perish." This verse is true the world over. Millions of souls have gone and are going into eternity without Christ, because no one has ever told them of the Truth that sets them free from their sin. They have never heard the Gospel story; never once have they heard of the loving Saviour's grace.

But there are so few who will yield everything over to Christ and be willing to go where He sends them. There are so few who have any vision or burden for lost souls of men. "Truly, the harvest is great, but the labourers are few."

Each Saturday night, here at school, a mission prayer band sponsors a program on the section of the world for which they are praying. Their prime aim is to present the needs of that area so that people will be better informed in praying, and also to show how the Lord is working in that particular area of the world. A lot of planning and prayer is behind these programs that God might take them and use them to challenge hearts to give and to go.

Some examples of programs which have been real blessings: The African program presented the challenge of the Bangala people in the Congo, while the South American program presented the idfferent fields; and as a special attraction--a tape, recorded in Columbia by John Bremen, telling about the work there.

The Lord has used these programs this year in a wonderful way to challenge us, and we thank Him for it. But we must not sit back and take it easy "for night cometh when no man can work."

G C M F

From hearts burdened for missions sprang the group now known as the Great Commission Missionary Fellowship.

With a desire to learn of the work of missions in the world today, came the idea of a group to contact and to keep in touch with the foreign missions activities. Because of a God-given love for souls across the seas and in heathen darkness the world over, these students began to gather and to consider a program by which they could learn more about missions and to follow missionaries for whom they could pray in a more specific way. The group also had the desire of gathering information for the school as a whole, that a greater emphasis would be put on missions.

Thus the group was organized and officers were elected. A constitution was drawn for the group, and the name was stated as "The Great Commission Missionary Fellowship."

As these students see the need for missions today, we should be much in prayer for those in the harvest fields. The night is well on its way when missions may draw to a close. In recent years we have seen the doors of countries close to the Gospel; thus it is of great importance that we pray, give, send, and go that souls may be won for Christ.

"PRAY YE THEREFORE THE LORD OF THE HARVEST THAT
HE WOULD SEND FORTH LABOURERS INTO HIS HARVEST."

Tract Club,

Left to right: Roger Hogle, Lester Harris, Betty Means, Richard Belden, Bill Robinson, Charles Linville, Ned Lofland, Fred Houts, Amy Shank, Bill King.

The origin of the Trinity Tract Club goes back to the first few weeks of the school year in September of 1960. Portions of Scripture were left on the literature table of a laundromat and upon returning the next day, the tracts were missing. After continuing this simple procedure for some time, permission was obtained to place a rack in the laundromat with many tracts in it. Each of these tracts contains the simple plan of salvation by which each reader may be saved.

Other students became interested in the tract ministry, and other racks were placed in laundromats around Clearwater.

Thus the tract ministry began in an organized manner and became a club with the objective of getting the printed Word to the people of our town, state, and nation.

Students carry tracts along the streets of Clearwater and hand them out to those who will take them, trusting that God will take His Word and use it to the salvation of precious souls.

Tracts are handed out to the filling station attendants when stopping for gas. It is these small acts of courage and care which God can use to win many to Himself.

The Club has the main objective of getting the printed page into the hands of the people. The night is coming and with it evangelism is being limited--yet by literature hearts can be reached. Evil powers of the world today spend a great deal of their time and effort to reach their subjects by the printed page.

The Tract Club members request your prayers as they endeavor, with the help and power of God, to get the printed Word not only to our community but also to our Nation and across the sea. Five thousand tracts have already been sent to missions. The Club desires to get tracts of various languages to send to the regions beyond.

But the day is drawing to a close, and we must work for the night is coming. Would you not pray for this Tract Club and its efforts for God?

Married Student

These are some of the married couples who attend Trinity, and there are several others not pictured. Many of them have families and still faithfully come to school, earnestly desiring to better prepare themselves for the Lord's work.

OUR ALMA MATER

Hail to thee our Alma Mater,
Hail to green and gold,
Giving forth the Word of Life,
The sweetest story told.
We, the loyal sons and daughters,
Praise and honor bring,
Taking Christ to every nation,
He's our King!

Praise the Lord for teachers
Who are true unto God's Word;
They have ever taught us of
The Christ, our Blessed Lord.
We go forth to win the lost ones
For eternity,
As we honor Christ
And our own Trinity!
